"Saints" is a traditional American gospel song, most often associated with New Orleans "jazz" funerals. On the way to the cemetery, it would be played as a dirge. On the way from the cemetery, it would be played as a hot Dixieland jazz tune. Most people now probably think of it as an uptempo jazzy march. The second part above is a suggested second part to play especially when playing it up tempo. There are many more verses.

"When the sun refuse to shine" etc.

"When the stars begin to fall", etc.

"When the moon turns red with blood", etc. And so on.
